

**Keynote Speaker – Resilience | Leadership | Sustainable Impact**

Jessica Munoz's presentations are authentic, story-driven, and designed to create meaningful reflection, challenge perspectives, and inspire action. To ensure the audience receives the full impact of the presentation, the following audio-visual setup is requested.

Presentations are typically delivered using PowerPoint or Canva. A backup copy can be provided in advance or on-site via USB if needed.

For any questions or technical coordination, please contact:

**Jessica Munoz** at [jess@jessicarmunoz.com](mailto:jess@jessicarmunoz.com)

---

**Presentation Requirements**

- High-definition projector and screen (minimum 16:9 aspect ratio)
- Quality sound system (audio may run from laptop for embedded video/audio clips)
- Wireless lapel (lavalier) or headset microphone preferred
- Lectern requested on stage
- One bottle of room-temperature water with a straw

---

**Optional (but appreciated)**

- Confidence monitor (to view slides without turning)
- Stage lighting for visibility, especially if filming or photographing
- Recording or photography access for promotional use (please discuss in advance)

---

Jessica's presentations are designed to create both emotional connection and practical insight, blending lived experience, leadership lessons, resilience, and systems-level impact. This AV setup helps ensure the audience receives the strongest possible experience.
